<b>Next review date</b>	<b>January 2023</b>

## **Introduction**

The goal of this plan is to ensure that the school seeks to provide accessibility to learning for all children who are allocated to the school, irrespective of special need or disability.

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Behaviour Policy
- School Development Plan
- Equality Policy
- Health & Safety Policy
- Attendance Policy
- Supporting Children with Medical Conditions
- SEND Policy
- Curriculum policies
- DfE Guidance

The Equality Act 2010 details Schools' duties around accessibility for disabled pupils. Schools need to carry out accessibility planning for disabled pupils. These are the same duties as previously existed under the DDA and have been replicated in the Equality Act 2010.

### **Sauncey Wood Primary School will aim to:**

1. Increase the extent to which pupils with disabilities can participate in the curriculum to ensure that pupils with a disability are as, equally, prepared for life as their peers. This covers teaching and learning and the wider curriculum of the school. It also covers the provision of specialist aids and equipment, which may assist these pupils in further accessing the curriculum.
2. Improve access to the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
3. Improve the availability of accessible information to pupils with disabilities. Examples might include handouts, timetables and information about the school events.

4. Have regard to the need to provide adequate resources for implementing plans
5. Consider whether any reasonable adjustment can be made to overcome a substantial disadvantage that a pupil might face.

The school has broken these down into three main target areas for the next 3 years

1. Curriculum
2. Physical Environment
3. Written information

These form the basis of our plan

### **Review**

The school's Accessibility Plan will be:

- Reviewed every three years
- Approved by the governing body, who are free to delegate this to a committee of the governing body, an individual governor or the head teacher
