Dear Parents and Carers

SEX AND RELATIONSHIPS EDUCATION (SRE)

This letter is to inform you about the SRE that will be taught to your child's class this half term as outlined in our Sauncey Wood school policy. This is a valuable part of children's education and all children will benefit from a clear and coherent programme of SRE.

The topics covered will be:-

- To understand that in animals and humans lots of changes happen between conception and growing and that it is usually the female who has the baby.
- To understand how babies grow and develop in the uterus.
- To understand that boys' and girls' bodies need to change so that when they grow up, their bodies can make babies.
- To know how girls' and boys' bodies change on the inside and the outside during the growing up process.
- To know why these changes are necessary, so that their bodies can make babies when they grow up.

If you have any further questions about the content, please let me know.

Thank you for your support.

Yours sincerely

Jo Wiltshire
